

INVESTING IN WATER AND WASTEWATER SYSTEMS

INFRASTRUCTURE INVESTMENT

The Missouri Water and Sewer Infrastructure Act (WSIRA) surcharge has funded over \$700 million in water and sewer system improvements since 2021.

The WSIRA charge on your water and/or wastewater bill helps fund completed improvements to the vast network of pipelines, fire hydrants, sewers and other critical components of our water and sewer systems. These ongoing improvements are designed to enhance system reliability, resiliency, and fire protection for residents and businesses in the communities we serve.

The typical residential water customer using 5,000 gallons per month pays an average WSIRA charge of \$3.51 per month in St. Louis County, and \$1.60 outside of St. Louis County. The WSIRA charge for wastewater customers is a percentage of the total bill: 0.1269% for customers in Arnold and 0.7585% for sewer customers outside of Arnold.
